Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner indicated to Mr. Stermer that there was conflicting information regarding the Provisional Application Number, because the Provisional Application No. presented in an Amendment submitted by the Applicant on May 2, 2003 does not coincide with the Provisional Application No. located on the Bibliography Sheet. Mr. Stermer indicated that the Provisional Application number (60/699,835) associated with the Amendment submitted on 5/2/03 was in error, and that the Provisional Application No. on the Bibliography (60/083,099) is correct. .
